15 Cents

\$15,000 grant

Buying fairgrounds

Anson, Hindon and Minden is now in a position to complete the arrangements for the purchase of the Minden Fair Grounds from the Agricultural Society Fair Board, having received notice last week of official approval of the provincial grant of \$15,000 that has been pending for some time.

The Fair Ground property, nine acres adjacent to about 87 acres of municipal park land on the north side of Gull River at the boundary of Minden, is to become municipally owned to ensure that the land will always be available to the Fair Board and will not fall into the hands of private developers, according to Richard Parisotto president of the Fair Board as well as Clerk of the municipality.

The grant was made available under the Park Assistance Act, and the municipality will have to contribute an amount equal to the grant.

The purchase will be financed over a five year period by the municipality, Mr. Parisotto explained, to avoid a sudden financial burden. The sale is conditional upon the municipality granting a perpetual lease to the Fair Board for the use of the property at no charge.

These terms are a part of the agreement drawn up between the Fair Board and the municipality last spring. The first installment owed to the Fair Board is a part of the 1976 budget. The remaining will be financed over the next four years.

Application for the grant began two years ago, Mr. Parisotto said, following a year when the Fair Board was very weak and the concern that the land could

be turned over to developers arose. Informal approval of the grant was given two months ago.

The Fair Board now includes some 30 to 40 members who do a great

deal of preparation each year. There will be a meeting of the Board on November 24 at the municipal offices, to which any interested persons are invited.

Lawrence Pritchard autobiography

Well known for the personality that he has brought to Minden over his lifetime, Lawrence A. Pritchard has consented to share some of the details of his early life with Minden residents of today. We hope you find his story interesting, as he has had an interesting life. Mr. Pritchard tells his own story beginning on the second page of this issue.

Found guilty of manslaughter

Patricia Louise Ruppi, 56 of RR2 Kimmount was found not guilty of murder but guilty of manslaughter last week by an Ontario Supreme Court jury.

She had been charged with non-capital murder in connection with the shooting death of her husband, Alex Ruppi, 71, Dec. 13, 1975 at their farm home south of Minden.

Crown counsel J.H. Woron said that the crown will not be severe in seeking a penalty because of the background of the case.

The jury, made up of eight women and four men, deliberated for seven hours and 15 minutes before coming down with the verdict.

Snowmobiler starts season with crash

An early start on the snowmobiling season resulted in \$175 damage to a 1976 model machine.

Freeman Bonnell, 31, of Toronto was trying his machine out Saturday when he struck a hydro pole. There was \$175 damage to the snowmobile.

Harry Davis, incumbent Stanhope councillor who will contest Jim Harrison, incumbent, for the position of deputy reeve in the approaching election, listens as Mr. Harrison addresses the Stanhope Meet the Candidates Night held Saturday. For a rundown on what the candidates had to say, see page three.

Who am I — an autobiography

by Lawrence Pritchard

The Recorder is pleased to have the opportunity to print a life history of one of Minden's well known and long standing residents, Lawrence A. Pritchard. His history amounts to a history of the area, and we hope to present, from time to time, articles that he has prepared on life in Minden as it grew over the years. Little information to Mr. Pritchard is needed by most townspeople.

Any details that may not be well known about his contributions over the years or about his very strong sense of community are to be found in his autobiography, the first part of which appears in this issue.

WHO AM I?

I was born in 1895 in Stanhope Township and when I was four years old my Father's barn was struck by lightning and burned down (March 12) Two cows

were killed in a stall in the barn but the rest of the cattly and 7 horses and colts were saved; pigs, hens and geese were lost. In summer of 1900 the barn was replaced with the help of neighbours. The timbers were all cut and hand-hewn in the bush on the farm, logs cut and floated to George Stevens Mill on Kushog Lake, just across the lake from the farm. That year I started school in the log schoolhouse close to Beatties on the hill. I liked going to school so well, I can remember my mother using a shingle on me across the field to be sure I went. The night of the fire, a couple of brothers and I were sent over to Dick Johnsons for the rest of the night in case the house went with the barn.

When I was 3 years old, my oldest brother was kicked by a horse at Minden Fair and died a few days later; when I was 5 years old my younger brother was killed by a log rolling over him in the yard. I was about 6 years old when my father had a man plowing in the field quite a piece from the house; he got thirsty and gave me 5 cents to go to the house for a drink of water. Well I went down in the last furrow, sat down and drove the money in the ground. I thought it might grow into a Money Tree but it didn't and Reid Gouldie didn't get his drink. My father used to sell and deliver hay to lumber

camps. One day crossing Hall's Lake, the ice broke and one horse was drowned.

In 1904 we moved to the Hobden Farm at Horseshoe Lake in March. I went to Bethel School and Church not standing but not used. I didn't get much schooling, as one day I didn't like the school ma'am so I went home. One day my brother was sick and my mother sent me in his place. I bought the farm from my brother in 1916. I was conscripted for the Army in 1917 but I was so useless they wouldn't send me to the fighting lines. I went to a Lumber Camp when I was 16, some 6 or 8 miles from north end of Hollow Lake. I have worked in several camps, and was two winters at Stoney Creek. Bill McAurthur, foreman, that was the winters of 1913 and 1914. I went west with the late Ben Harrison, left Minden in early March and got home for Christmas. In 1926 I sold the farm at Horseshoe Lake and moved to Minden village in March. The spring of 1926, in late March, a young man took his rifle and left his elderly mother in the house alone; he left some time in the night. Some of the town-folk tried to see if I would go on horse-back to Uphill across the Plains to Black River and Victoria Bridge. Jack Snell was Camp Foreman for a lumber company and he directed me how to get to the 2 or 3 camps. I could follow the old trail

from Uphill to Victoria Bridge and he told me if I crossed the bridge there was a farm 3 or 4 miles down the river where I could stay the night, so I did this and they gave me lunch and oats for my horse. Next day at noon, and I had to come back across the bridge and go up the river where the old camps were as they thought he might have been around there. I kept going up river to Vankougnet and stayed at a private house. They had a

little stable, hay and oats my horse. Next morning I went up river to the camp at Stoney Creek where I had worked for 2 winters, but no signs or any tracks anywhere on my route. I got back to the same place I stayed the night before. Next morning the fourth day I started for home. I got home to Minden just before dark, over 60 miles. I had a good horse and a good Western saddle. That man has never been seen or heard of since.

Legion Dance

There wasn't supposed to be a dance this weekend but some people thought there was so Thelma Crego got a tape deck and the people that came got in free. It went on until 12:45.

Bingo Winners by Orange Lodge

Irene Barlley, Glenda Swanton, Verna Crego, Gladys Silvers, Betty Bacon, Mary Harten, Pam Swinson, Gwen Merton, Dorothy Crego, Penny Harten, Julie Houghton.

50-50 Draw Winner

The 50-50 draw was won by Mr. Thoms McNicholl. The amount was \$20.50.

The people who make an affair a success are usually to be found in the kitchen. Friday's United Church Luncheon and Bazaar was no exception, although there were many who served and worked to bring an excellent lunch to more than 200 Mindem people who turned out. Ina Britnell, Grace Earl and Laura Kirkwood were three who helped the UCW to a very successful day.

Busing, Communications discussed in Stanhope

Busing, communications and the quality of education were among the many points discussed by Haliburton County Board of Education candidates in Stanhope Township.

LeRoy Eager, a candidate for the board, said that he hears little news about what is going on with the board of education.

He noted that if elected he will attempt to improve the communications between the board and the people.

Mr. Eager said that he is also interested in the cost of busing and would like to see it kept down.

Evelyn Hewitt Gibson, incumbent candidate, said that education has improved since it was put on the county system.

She wished Mr. Eager luck on the busing situation and pointed out that it has been discussed many times by the board.

Dorothy Kinsman, candidate said that she wants to see the area continue in a forward direction. She pointed out that it is a time to get back to basics and put an end to permissive education.

She pointed out that she has served as a teacher and principal in the system.

Incumbent Wilfred Mason

pointed out that Haliburton County is not the only area with high education costs. He pointed out that there is one bright spot, that Haliburton pays the lowest teachers salaries in Ontario.

He said that the board is very proud of its teaching staff and the job it is doing for them.

Beverly Pettes, candidate, said that she is happy with the number of people seeking the positions on the board of education.

She noted that her family is still in the school-system which has kept her interest up in the education offered.

Councillors feel good and bad about living in Toronto

Two summer residents of Stanhope Township from the Toronto area both feel that there are problems serving on council and not always being in the municipality, but there are some benefits.

Napier Simpson and John Tomlinson, who both served on the council during the past two years and are seeking second terms agreed that there are problems in the distance separating them and the municipality sometimes.

They were speaking at a meet the candidates night held at the Stanhope Fire Hall last Saturday night.

Mr. Simpson said that the situation is not ideal although it does work two ways. He pointed out that a councillor living in Toronto has the opportunity to serve the community from that end by being closer to the various ministries at Queen's Park.

He also pointed out that by being in Toronto a councillor is also close to the ratepayers of the municipality that live part of the year in that section of the province.

It was pointed out at the meeting that Mr. Simpson and Mr. Tomlinson only missed one meeting of the council, a third reading of a by-law.

from page 1 **Ruppi trial**

Addressing himself to Mrs. Ruppi, Mr. Justice Henry said it had been a very long and hard trial. "The jury has made its decision and its members would not have found that

easy to do. I only want to say this, that you will be coming up before me for sentence on Tuesday and I will be seeing you then and will have more to say and will hear what you have to say."

Poppy Campaign

Again this year Branch 129 Royal Canadian Legion conducted its Poppy Campaign and with the help of some dedicated people it was a great success. I would like to thank Harry Cowen and Hugh Lester for the job they did in the Minden, Carnarvon, Halls Lake area, these two men are old campaigners when it comes to Poppy Fund time. Our thanks also to the young people who were such enthusiastic helpers in all areas of the drive. The money collected in the Poppy Canvas is used for veterans and dependents welfare and this Fall some of the funds have been used for Operation Service.

If by chance you were not contacted by one of our canvassers and would care to still donate a cheque made out to POPPY FUND would be much appreciated. My thanks to all who helped.

ED FUJAR
POPPY FUND CHAIRMAN

The Recorder *Page three*

Restructuring and zoning still main issues

Restructuring of government and zoning are still main issues in Stanhope Township.

Harry Davis, candidate for deputy reeve in the township told a crowd of about 100 people at a meet the candidates night that restructuring has to come or it

will be forced upon the area by the provincial government.

"Unless we take steps to put it in force, the government will take steps to impose it on us," he said.

Napier Simpson, incumbent candidate for council in the municipality stated that he ran for council in the last

municipal election because he wanted to see land zoning come to Stanhope.

He said that since the zoning has not come he has decided to attempt to regain his seat on the council.

In Mr. Davis' address to the crowd, he noted that he has no quarrels with the incumbent deputy reeve candidate Jim Harrison but he thinks that from time to time there should be changes in positions.

Mr. Harrison said that he has worked a great deal on roads in the community along with Reeve Sinclair Nesbitt. He pointed out that he also worked with the library committee in establishing the type of library there is in the municipality now.

He said that the council has accomplished a great deal over the past two years.

Elvin Johnson, candidate for council, said that he did not have a great deal to say at the meeting but he is proud of the work done by the fire department in the municipality. He pointed out that he serves on the department.

John Muise, another candidate for council, said that Stanhope needs to keep the young people in the community after their schooling days are over.

He noted that he would attempt to find ways to keep the young people from leaving the community.

In his address, Mr. Simpson said that he is glad to see a large slate of candidates for the positions on the council.

He did urge the voters to take a good look at the board of education before they put their marks on the ballots.

Elgin Stouffer, candidate for council, based his platform on the environment. Mr. Stouffer pointed out that there is a need to enhance the environment in the area.

He added that if elected to council he will give all expenditures a careful look.

John Tomlinson, incumbent candidate for council, said that any friction between the cottagers' associations and the council has ended. He pointed out that the problems were solved over the past couple of years.

h.h.s.s

news

by Becky Davidson

On November 8, our girls' basketball teams hosted I.E. Weldon from Lindsay. Haliburton midgets won 30-25 with Miriam Vanderwal as high scorer with 10 points. Weldon juniors won 60-50 with Alison English as our high scorer with 16 points. Weldon seniors won 53-36 with Lou-Ann English as our high scorer with 7 points. Congratulations to our midget girls' team who finished 2nd in Kawartha West A Division November 17, in which we play only the larger 'AA' schools. This is the best showing by our midgets in a number of years, and we are looking forward to a strong junior team next year. Our seniors will take an 8 point lead into their next game November 24. They defeated Norwood 25-17. The juniors met tough competition losing to Norwood 33-17, but with a good effort they should be able to make up the 16 point difference.

Now that our football season is over, the team is now involved in the sale of their sweaters as well as in voting for this year's outstanding players.

Our curling has begun under the leadership of Mr. Carl Wallace. This group has a lot of fun curling every Wednesday from 3:05 until 5:15.

A "50-Mile" club was started at the beginning of November with each member's goal being to run at least 50 miles over the course of the school year. So far, only five members have started running; Mr. Lerpiniere - 15 miles, Mr. Brohman - 9 miles, Mr. Oakley - 9 miles, Miss Keohler - 9 miles, and Angela Bishop - 3 miles.

Students and staff of H.H.S.S. may have their pictures taken Thursday, November 25 at 10:30.

This year's Parents Night held Wednesday, November 17 was a great success. Unlike previous years, the teacher/parent interviews were held in the gym, as opposed to specific classrooms which required appointments. This new system was favoured and enjoyed by all who attended this event. Congratulations for such a great idea and organization go to our principal, Mr. Mosgrove.

This is another reminder to the public of the Gr. 12's Theatre Arts Production of Noel Coward's "Waiting in the Wings" on December 3rd and 4th at 8:00 in the H.H.S.S. auditorium. Price of admission will be Adults - \$1.25 and Students .75. Tickets will be available at the door.

Golden service medals presented

Representatives of all twelve Ladies Auxiliaries in zone F4 of the Royal Canadian Legion met on Friday night at the Haliburton hall in Haliburton to honor Phyllis Montemiglio, Isabel Smithers and Debbie Perriman with Golden Anniversary Service Medals.

The medals being given out only in this 50th anniversary year, are awarded to a limited number of Legionnaires or Auxiliary members who have given at least 10 years of service to the Legion.

Gwen Hughes, head of the Haliburton Auxiliary, gave a brief summary of activities that have been a part of the golden anniversary year, and congratulated the three winners, noting that the awards were made possible by all the auxiliaries in Zone F4.

Ladies from Auxiliaries in Kimmount, Bobcaygeon, Fenelon Falls, Omeme, Cobocook, Lindsay, Sunderland, Brechin, Woodville, Cannington, Cardiff and Haliburton were on hand as District F Commander Cliff Cote presented the medals to the three women who have all spent many years helping the Legion with their time and many talents.

Debbie Perriman, the past Zone F4 Commander was

unable to be present. Her award was accepted for her by Helen Hall, also from Fenelon Falls Auxiliary. Mrs. Perriman was a charter member of the Fenelon Falls Auxiliary in 1941 and the first president. For eight years she served as zone commander.

Isabel Smithers, a past Zone F4 commander from Woodville accepted the medal that she deserved for her work with the Legion which began in 1955, when as a charter member of the Auxiliary she was first president and held the post for three years.

In 1960, Mrs. Smithers was elected to the position of Zone F4 commander. Having spent 10 years in that position, she still serves the Woodville Auxiliary.

The present Zone F4 Commander, Phyllis Montemiglio, is a third generation Auxiliary member and her four daughters have also joined. The gathering was told that Mrs. Montemiglio, from Lindsay branch, had held most of the offices to be had in the Legion over the many years that she has served. She has been the Zone Commander now for seven years, and was wished every success with her chances in Provincial zone elections.

Donations of food, time and talent by many United Church Women meant that an excellent meal was to be had by those who attended the yearly Christmas Luncheon and Bazaar on Friday. The homemade soup, a delicious tradition, drew people to a display

of attractive handiwork as well. The Anglican Church Women also had a successful weekend, taking in a substantial increase over last year through their rummage sale on Saturday.

Recorder Opinion

Editorials

We should
get money
for derelicts

The provincial government, namely the Minister of the Environment, has come up with a pretty poor excuse for possibly not allowing very much money to be used in a derelict motor vehicle program in Anson, Hindon and Minden.

The municipality must have felt that it could put the funds to good use, or they wouldn't even have considered taking the grants. Why then would Anson, Hindon and Minden be compared to the Muskoka where the program did not work so well?

We agree that government spending should be cut back, but Anson, Hindon and Minden council has found a use, and likely a need for these funds which were made available to other municipalities like Muskoka.

In other areas of the province the program has worked, perhaps our municipality should be asked to be compared with them, not an area where the program did not work.

Dumps tend
to burn

Somewhere in this fair municipality there have to be dump sites, no matter who doesn't like them.

Presently there is a burning problem at the Anson, Hindon and Minden dump. We would bet that there will be a burning problem wherever the dump is located.

One thing we will be quick to find out as time goes on is that the more residential development we have in an area the more people will complain about dump sites.

We have found the Anson, Hindon and Minden dump to be kept in as good condition as possible. It appears to be filled properly, well taken care of and most of all very reachable by the residents of the municipality.

Certainly we understand that there are environmental problems caused by burning in dumps but seldom can a dump be found anywhere that doesn't have some fires spring out here and there.

Closing the present dump will not be the answer, because it will just mean finding another site, and probably dump fires will still be a problem.

From Vol.1, Report of the Special Senate committee on Mass Media, 1970.

"MA CHÉRIE, LET ME TAKE YOU AWAY FROM ALL THIS!"

Letters to the Editor

Dear Sir

It is somewhat of a disappointment to read your reporting version of Mr. D.S. Jamien and myself appearance before the Anson, Hindon, and Minden Council on Nov. 10 re conditions at Horseshoe Lake, created by the above mentioned causeway.

Prior to the causeway's construction in 1952 there was no silt debris or vegetation growth in the bay at the North East, between the island and the mainland.

As a resident there since 1943; true non permanent or year round; I feel Mr. Jamien and myself have as much knowledge of conditions there as any who have to tried to discourage us.

There are a few facts that should be clarified as we see them.

(1) Prior to causeway construction the down flow of water from Mountain Lake and up the watershed the flow of water was approx. 30-40 per cent around the north eastern gap between the island and the mainland.

No debris or vegetation what ever came into our bay as the natural flow of water current took such into the swamp area, east of the island.

(2) The natural flow of drainage water from their East of the golf course; the creek; flows through the golf course and into the lower east side of the swamp on Back Lake area. Culverts of the road way east of the lake, have large capacities 30" - 36" and approx. 50" in diameter.

The 2 culverts in the causeway are only 24" each and useless so far as equalizing the lake waters.

(3) The down flow of waters of the Trent River watershed into Horseshoe Lake is very heavy and when the water is stored in Horseshoe the last lake above the Orillia Power Dam; the dam being at Mitchels Bridge; the water rises and falls so much as 30" - 36". Prior to causeway the

construction the natural flow of water or "lowering" was around the south end of the island.

(4) Since construction of the causeway, all the build up of millions of gallons of water is forced back out the north gap.

(5) Thus the movement of such large volumes of water stirs up silt, sawdust and vegetation and is carried out and diffuses around the area of our cottage on the north shore of the mainland and also the north shore of the island.

(6) When the causeway was built in 1952 an opening was provided, however inadequate. This was established where free flow was previous.

Myself and others who have been non permanent residents for 30 years or more can attest to the correctness of the above.

Although Mr. Jamien and myself drove up from Oshawa for the meeting we were allowed 10 minutes to be present, and discuss with the three ministries, Environment, Resources and Transportations, the conditions referred to above.

As I mentioned at the meeting, I have really nothing to gain personally as we have no family to pass our property on to.

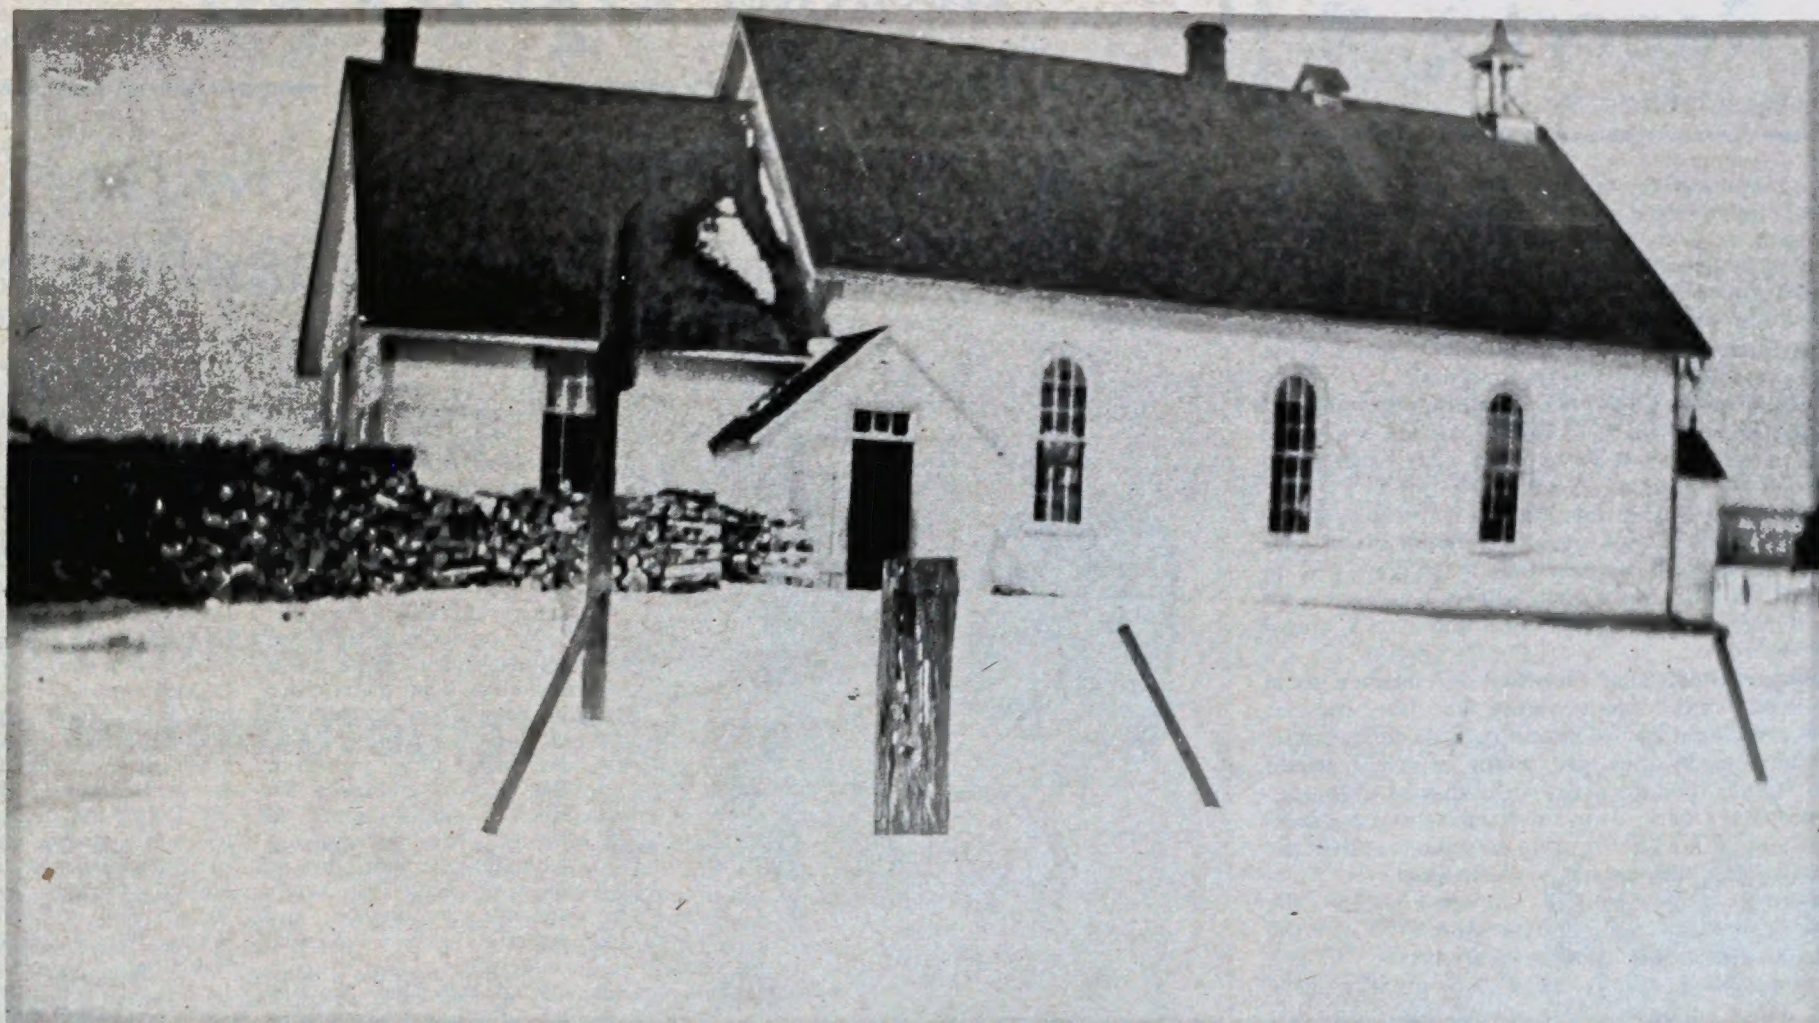

However, I feel that the future of the residents on the north end area referred to deserve some help in restricting the area to its former conditions as many such improvements by way of openings in the causeway will in no way affect any other property along the south west area and lake outlit if restored to its former status prior to the causeway construction.

On behalf of the other ratepayers at our end of the lake, I would appreciate your giving our side of the picture also.

Thanking you in anticipation of your kindness.

I remain
Orville Eagle

Recorder Opinion

This is Minden's Continuation School, which was on the site of the present Archie Stouffer Public School. Taken in 1924, when Ed J. Crossley was principal, this picture shows the way things were when John Hewitt was at school there. There were three rooms. The main or junior school was taught by a Miss Lee on the right end of the building, with secondary in the centre, taught by Mrs. Ray Dawson (nee Gertrude Chown)

Looking back

and with the model school (one step below a normal school) on the far left, in which one could study for a teacher's certificate. Mr. Hewitt remembers that there was no shortage of energy in those days and the woodpile proves it. A cord of wood, he said, cost \$2.50 was over 24 inches long and was all sound. There was of course, still some problem in heat for the school, especially if you were the first one there and had to start the fire.

Inside the Recorder

by Susan McLaughlin

I've heard it said that northern Americans are in general a very community minded lot. If you have to live in a country where every time you turn around there is another person, and with the way the world goes, that person is likely to need help, you tend to ignore your neighbours as best you can. I've heard some speculation by Europeans themselves who have lived here for awhile, that we, by and large, help our neighbours a great deal more than they do in say, France or Germany, where the only way to achieve any kind of personal space is to ignore the many others around you. So, Frenchmen have a reputation for being unfriendly, and Britishers are said to be extremely polite, but stand-offish.

We in Canada, I've heard from these European friends, help each other all the time. I can remember being amazed, and others in on the conversation objected as well. What, Canadians friendly? Aren't we apathetic? Don't we have a bit of the British reserve left? Surely we're not Samaritans or something worse, are we?

Don't be alarmed, we were told, you aren't perfect. But living as you do in this cold land where the weather is such a hardship, people tend to band together and help each other out when something as large as the snow drifts around here become a threat to everyone.

Of course, we members of the hardy northern race scoffed at the European idea of harsh Canadian winter. It's nothing, we said, nothing at all.

Oh, but they said, don't you find that you get stuck in the snow now and then? Don't you ever have to ask anyone to help to push you up a hill or over a snowbank that the snowplow had thrown up? And don't you ever ask someone to stand by with their jumper cables?

Yes, we admitted, things like that do happen.

You Canadians help each other in that kind of a situation, we were told, because you never know when you are going to be the one who needs help. You have a very practical bend to your community mindedness.

Not meaning to speculate on the quality of our dedication to community, I nevertheless feel that there is something in the fact that when we feel somewhat overwhelmed by something larger than ourselves, we do tend to get along better. Very often, too, we do take a cheerful attitude to pushing someone out of a snowbank. It's fun to feel as if, inept though we are (after all, someone did manage to get themselves stuck) were still able to pull (or push) together and then make a joke out of the situation. Is it the way that we laugh that makes us distinctly Canadian?

With all the worries about national unity flying around, I don't really want to come down with a definition of what it means to be Canadian. What I want to do is explain the feeling that was in the air at the Haliburton Highlands Cross Country Club meeting on Monday night.

The Club executive did an excellent job of presenting the sport of cross country skiing to many who I'm sure were as relatively new to the business as I am. The executive was somewhat surprised, they said, to see so many interested people at the meeting. If they were surprised, they were certainly pleasantly surprised, and set the tone for the evening with their very obvious and catching enthusiasm.

But there was something else in the air. There were a lot of people laughing, and exchanging knowing looks with their neighbors whether they knew them or not.

The guest speaker, Fred Loosemore from

Camp Kandalore, had everyone's undivided attention. He told us about absolutely new things, all about three and four hole bindings and right and left ski poles and ways to assure everyone on the trail that you were a pro, or at least rich. Everyone was dying to learn.

Why? It's simple. There is a lot you have to know before you venture out on your very first day on a pair of long complicated wooden slates that probably have the wrong type of wax on them.

You have to know at least the basics behind buying that equipment, and you have got to the stage where you hope that your body will know the basics about operating it. You doubt it will.

You are sure that all the preparation and all the wise advice of this new club that has been established to help you out will not work. Nothing will help. You'll get out there on an open hill and find yourself so bogged down with the snow stuck to your wrong type of wax that you won't budge. Either that or you are sure to come to a tree covered slope and suddenly your skis will free up and you'll feel like you're inside a pinball machine as you bounce off trees all the way down.

Winter will almost win. You'll end up in a drift, probably in more than one drift. You'll come home sore and ache for days.

These are, of course, the wild imaginings of someone who has not, to say the least, mastered the sport. I had the feeling at the meeting though, that there were others imagining the same kind of goings on. I could tell by the kind of laughter.

Needless to say, no matter how many aches and pains and groans there are, maybe because we're from where we're from, we'll all laugh out there in the snow. We'll laugh that we ever even tried it. Partly we'll laugh because we feel overwhelmed, but at least we'll be out there with a group of idiots who are doing something about it, too.

Sports Report

by Jim Badgley

Last week one of my dreams came true. I got to see Montreal take on the Toronto Maple Leafs right in the Gardens.

The only problem was that Montreal waited until the final period to start skating and by that time it was a little bit too late. The Maple Leaf defense was excellent. They probably put up their best game of the season, for some the best in their careers.

The big shooters for Montreal didn't get untracked during the entire game. Guy LaFleur fizzled everytime he touched the puck and Steve Shutt wasn't that much better.

The most impressive man in the game was Larry Robinson. Robinson took away any doubt about who was the second best defenseman in hockey next to Bobby Orr. Salming and Potvin will have to work a lot harder if they are going to take Robinson's crown away from him.

Robinson and the other Montreal defensemen seem to have been worked into a system that other coaches on all levels should try. Montreal uses its defensemen as forwards when they are young which I would suspect teaches them to skate with the best of them.

One problem I have always noticed with youngsters in minor league hockey right up to junior is that the defensemen generally aren't good skaters.

In today's hockey it is important that the defensemen are among the best skaters to get the puck out of their own end and lead the attack. Orr is a natural and likely didn't need the great skating training but a youngster who spends his entire life playing defense just doesn't have the opportunity to learn as well.

Montreal, with its big, fast skating defensemen, puts five potential goal scorers on the ice at one time and more than that because of the speed has an excellent blueline corp as well.

Fellows like Orr, Robinson and Potvin have made hockey a different game and what I think is a more exciting game. Perhaps it is time that all defensemen be taught how to skate properly, carry the puck out of their own end and as a result give the team more scoring potential.

The secret of the success of the Montreal Canadiens is the defense, who are the best offensively and defensively in the league.

Last week against Toronto the Canadiens came through but the forwards just couldn't get untracked and Mike Palmateer looked like he would be tending goal for a long time.

The Gardens is not exactly what I remember though. The fans no longer act like the most knowledgeable in the game. I listened to them boo Peter Mahovolich everytime he touched the puck. Now Big Peter is quite a hockey player and a big gun for Montreal and he was singled out by the fans but there were few boos when the likes of LaFleur and Shutt handled the puck, the best one-two punch in hockey.

The Recorder Sports

Fred Loosemore, an instructor for Camp Kandalore's winter outdoor education classes, gave a complete rundown on cross country equipment and prices for a large turnout at Haliburton Highlands Secondary School on Monday. The first and organizational meeting of the Haliburton Highlands Cross Country Club drew more interested people than expected, and was well worth it to those who came.

Large crowd for skiing meeting

An unexpectedly large turnout at the first and organizational meeting of the Haliburton Highlands Cross Country Club held Monday at Haliburton Highlands Secondary School seems to indicate that there will be lots of good company for anyone on the cross country ski trails this winter.

The executive of the newly formed club is made up of president Blair Pierce, vice president John Beachli, Education Co-ordinator Karl Hartwick, trail supervisor Bob Heyes, treasurer Kit Koehler and secretary Al Oakley. They presented a gathering of more than a hundred would be skiers valuable information and advice and a chance to enroll in the club.

Fred Loosemore, an instructor at Camp Kandalore's

residential winter school for outdoor education, shed some light on the subject of choosing and paying for the right equipment.

Goals of the Club were explained in terms of promoting cross country in the Haliburton area, to provide a form for those interested in the sport to meet and participate with others of the same mind and to provide information, basic instruction and organized and informal tours.

Dr. Heyes outlined plans for a Haliburton Tour of about six miles (ten kilometres) and a shorter alternate route for beginners that is projected for February 19 to 20 or coincide with the Rotary Winter Carnival in Haliburton.

Future games

Games in the upcoming week will see Minden's minor hockey players against Beaverton on Saturday as the O.M.H.A. Yake's Electric/Red and White Atoms expect to continue their winning streak at 1:30 in Minden. The Jadek Sports Bantams will meet Woodville at 3:00 and there will be a good Midget game at 6:00 as the Walker's Lumber Midgets take on Little Britain.

On Friday night, don't miss Vasey's Juveniles take on Omamee at Minden. The team needs support as it improves.

On Sunday in the Tri-County League Mike's Mild Atoms will play Sunderland at Minden. Haliburton will be coming down to play the Ronald Wrightman Pee Wees. Dolo's IGA Bantams' game has yet to be scheduled.

Fenelon Falls will meet with McKnight's Shell Midgets to complete the hockey weekend.

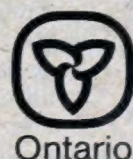

SALE OF TIMBER

Tenders will be received up to and including Friday December 10, 1976, for the purchase of cut and piled mixed hardwood logs, located on Lot 2 Con. A, Ridout Township district of Muskoka, and Lot 6, Con. XII, Stanhope Township, County of Haliburton.

Tenders will be opened in public at the Minden District office on Tuesday December 14, 1976, at 2 p.m. E.S.T.

Further particulars may be obtained upon request from the District Manager, Ministry of Natural Resources, Minden, Ontario, K0M 2K0.

Men's commercial league ends series

Men's Commercial League

The Men's Commercial League bowling league was wound up its first series with the Minden Progress taking the lead by a good margin. The first place team had a total of 171 points, well ahead of the remaining teams. Ingo-fdsby took second with 148, followed closely by the third place Cox's Colts with 147. The Rockcliffe Hotel with 144 and Minden Billiards with 140 were not far behind in the bottom spots. Bob Robinson still holds the High Average for the league with 229. Ronnie Robinson holds second place with 226, and Wes Stata came up with 223 for third. Wes Stata's High Single

of 344 put him ahead of David Sawyer who bowled a high single of 338.

High triple of 828 put Bob Heppleston at the top of the list. Wes Stata totalled 810 and Paul Warburton with the same score tied for second spot.

Dorset Mixed League

In the Dorset Mixed League, the Scramblers have hunk onto their first place spot in the team standings with a total of 33.5 points. The Vultures have come ahead to second with 32, the Castoffs have been shoved down to third with 29 and the Onlookers follow with 26. The Great Balls of Fire have kept fifth place with 25. Still sewing up last place,

but pulling ahead a little over last week are the Happy Gang with 22.5.

Boyd Griffin took the men's high average with 203. Still rolling the ladies' high average, Ronalea McKay this week came up with 195.

Bob Webb came forward and bowled the high single of 305 for the men, some points behind the ladies single high of 320 bowled by Ronalea McKay.

Ronalea also took first place in the high triple standings with a score of 679. Men's high triple was 796, bowled by Boyd Griffin. **Wednesday Night Mixed Couples League**

Team standings are the same in the Wednesday night league this week with Graham's Crackers holding onto first with 36, ahead of the second place Under Dogs who have not totaled 32 points over last week, but not enough to pull them out of the basement are the Six Aces with 19, the Jokers with 18 and Bob's Bombers with 16.

Doug Leonard bowled the men's high average of 214, a change from last week. Jeannie Foster once again took the ladies' high average rolling 193.

With 309, Doug Leonard also picked up the men's high single. Bonnie Boyes came up for the ladies' high single with her top score of 288.

Graham Brown kept the men's high triple spot with a total the same as last week

of 750. Jeannie Foster also kept her position with the ladies' high triples of 667.

United Church League

United Church League standings show some shifting around in the bottom ranks, but Maude Coulter's team still holds first now with 42.5 and Gladys Wruth' has second with 34. Moving up to third, Marie Reynolds and company totalled 30

points. Helen Cox was moved down to fourth by a narrow margin, still standing with 29.5 points. Bessie Burk picked up some points to move ahead of the now last place Virna Wagg team by a score of 29 to 24.

The high average for the men came to 221, bowled by Jim Green. Virna Wagg bowled 194 for the top average for the ladies.

The men's high single of 307 was also bowled by Jim Green. Carol Kellet bowled 320 again this week to keep the ladies' high single position.

With a total of 740, Jim Green also took the high triple spot, equalling his own score of last week. Marie Reynolds stepped up with 733 for the ladies high triple scoring.

Minden takes share of hockey games

Some good strong teams are showing up in Minden's minor hockey this year, as another week brought more wins to the O.M.H.A. Yake's Electric/Red and White Atoms and the Walker's Lumber Midgets. Prentice Roads Pee Wees had a great week with two solid wins.

Beginning on Saturday, the Tri-County Mike's Milk Atoms went down to Cannington in a 3-2 match. Picking up the afternoon action, the O.M.H.A. Yake's Electric/Red and White Atoms played well against Cannington and took the honors with a score of 7-0. The Prentice Road Pee Wees beat Little Britain in a 7-3 game, but the Jadek Sports Bantams lost 8-3 to the same town in their match.

Walkers Lumber Midgets playing some good hockey, and beat Bobcaygeon 7-3.

On Sunday morning the Prentice Roads Pee Wees played again and won again. They downed Oakwood 4-1.

In afternoon Tri-County games, Ronald Wrightman's Pee Wees lost to Sunderland by a close 3-2. Dolo's IGA Bantam went down to Fenelon Falls by 6-2 but finishing the day with a win for Minden, the McKnight's

Shell Midgets took on a Juvenile and Midget comb-

ination team from Omemee and won by a margin of 5-1.

Ski meeting

from page 6

The Club has begun the preparation of a 4 to 5 mile blazed trail marked strictly for cross country skiers that has been laid out in Glebe Park on 200 acres lying to the north side of Head Lake.

Long term objectives for the Club include providing an interlocking network of trails in conjunction with the Kashagawigamog Lodge Association.

This winter will bring weekly or bi-monthly informal tours, with the route laid out by a club member. Members will be able to meet for an afternoon's outing, and will be kept informed by newsletter when necessary or any new developments.

The enthusiasm that was apparent at the meeting will probably carry the club a long way in the first year. With the rapidly increasing interest in cross country skiing, the Club will undoubtedly do well. While only 30 to 40 were expected to be at the meeting according to one estimate, at the half way

mark in the evening there were 52 members signed up, families friends and parents included.

Atoms winning form with shutouts

On Saturday, the O.M.-H.A. Yake's Electric/Red and White Atoms showed off their winning form once again.

Following up on a win last Tuesday in Cannington, when the Atoms trounced Cannington 4-0, the Atoms won 7-0 against Bobcaygeon.

Kevin Warburton, Scott Yake, Jeff Stamp and Scott Hamilton were the scorers in Tuesday's game.

Coach Gary Warburton is proud of team effort that

the Atoms are demonstrating. Saturday's game had several top scorers, but the team on the whole is obviously a winning combination.

The Atoms put goals away in each period. The first at 8:43 of the first period was knocked off by Doug Schell from Jeff Stamp. Goal number two by Doug Schell, assisted this time by Kevin Warburton, went in at 10:50.

Haliburton, Kawartha, Pine Ridge District Health Unit BIVALENT SWINE FLU VACCINE NOW AVAILABLE

This vaccine contains both A. Victoria and A. Swine for people with a chronic illness such as heart disease, chronic broncho-pulmonary disease, chronic renal failure, diabetes, etc. and may be obtained at the family physician. Please phone your doctor for an appointment.

This bivalent swine flu vaccine will also be available for people 65 years and over in normal health from the Health Units clinics which will be held very soon, at various locations. Please watch for date and place in this paper.

Sufficient supplies of the monovalent swine flu vaccine for the 20-65 year age group are not yet available. Clinics for this swine flu vaccine will be announced later. Please watch this paper for details of time and place.

MEDICAL OFFICER OF HEALTH

Stouffer assembly

On November 5, 1976, the grades 6, 7 and 8 were called for an assembly in the schools gym. The assembly opened with O'Canada, and

then Mr. Baker, the schools principal started off with a speech. Mrs. Davis took over and explained about the Canadian Fitness Awards.

They were then given out, with the help of Mr. McKinlay. First the bronze badge, then the silver, then the gold and finally the Award of Excellence. For the third time in a row,

Cheryl Newell received the Award of Excellence. The assembly ended with a few words from Mr. Baker and the singing of God Save our Queen.

by Peter Schepers

from page 2

Kinmount Connection

There is a new Bingo for Kinmount. It started last Monday night at the Community Hall. The Bingo is being run by Father Hart of the St. Patrick Church of Kinmount. Let's have a few more people out - don't forget every Monday.

Mr. Glen Munro visited with his mother Mrs. Mary Munro and his brothers Doug and John for a few days. He lives in Ottawa and is now attending the Canadian Broadcasting School.

Mr. and Mrs. Ab Harten spent a few days with their daughter Mrs. Brock Kellet.

Mr. and Mrs. Ernie Anderson spent Saturday with their son Gary and his family.

On Saturday evening the Andersons went with their daughter Linda Harrison to a hockey game in Lindsay. They enjoyed seeing their Grandson Dwane Harrison play.

Sympathy of this community goes out to the Philips family in the loss of their brother Ralph who passed away in Vancouver.

We are glad to see Doreen Chalmer is now at home again after her few days stay in a hospital in Toronto.

Fitness awards are presented

On Wednesday, October 20th, 1976 the junior end had an assembly and the children were given awards for Canada Fitness. None of the children received the award of excellence but they did have a few golds to be awarded. Mr. Brydon says he thinks they did well but there's always room for improvement. He also hopes that next year they'll all do better and maybe get an

award of excellence.

The children's fitness test is like the Seniors test except not as hard. You can't expect the younger one's to do as well. The grades that participated were grades 2, 3, 4, 5 and grade ones fortunately didn't participate. The assembly went well and that's the most important thing.

Eileen Henderson

School has holiday

On Wednesday, November 10, Thursday November 11 and Friday November 12, the entire school has a holiday, that is except the teachers. The teachers are going to be visiting other schools and educational centres around the province to observe the subjects they teach here and get new ideas.

Mr. Burley and Miss

Hoyle are going to an outdoor education centre in Northumberland Durham County. Mrs. Cox is going to visit the Ontario Art Centre in Warsaw. Miss Perugino is going to visit a Junior High School in Ottawa to observe a Home Economics class. Mr. McKinlay is going to York University in Toronto. Mrs. Chambers will be visiting the audio visual centre in Niagara Falls.

Mrs. Heywood, the secretary will be working in the school getting at all the things that she can't get at when the students are in the school. They usually keep her busy all day applying ice to sore muscles, bandaging cuts, taking care of tummy aches and head aches and tracking down lost articles.

But they all get of the eleventh, which is of course Remembrance Day.

Kindergarten skating session

On Thursday, November 4th the kindergarten class went to the arena to go skating. With the kindergartens were 10 grade eight students. There were 24 students that went on that day. They left at 1:30 and walked over to the arena. The grade eight students helped the children tie up their skates. They were on the ice at 2:00 and skated until 3:00. I asked the students if they enjoyed going skating and they all agreed that they did. I also asked them if they did anything exciting and I received many answers. Some of them said that they skated so fast they couldn't stop. Others touched their toes and skated at the same time. Many of them said that they would like to play hockey or figure skating when they get older. One boy said that when he gets older he would like to play hockey with the Boston Bruins!

By Teresa Trepanier

Halloween dance

On Friday, October 29, the Halloween Dance for seniors took place at the auditorium of Archie Stouffer Elementary School. The admission price was 15 cents. If you wore a costume, you got in free. The money, all totalled, was \$21.85 and was put towards extra curricular things, like field trips. Prizes (chocolate bars) were given to the winners of the spot dance. The prizes for the best costumes were given to Mrs. Chambers, who dressed as a

lady of the early 1800's and Scott Young who dressed as a fat lady.

And full of colour.

By Jenny Chislet

in third period Huskies fall short

For the third straight game the Haliburton Huskies came up flat in the final period and ended up on the short end of a 5-2 score at the hands of Lakefield in a game played at the Dysart Arena Friday night.

Lakefield got four points, two goals and two assists from Randy Freeburn while the big gun for the Huskies was Tim Oram who picked up his fourth goal of the season.

Lakefield got on the scoreboard first when Freeburn took a pass in front of the Haliburton net and the puck was deflected by Miles Maughan. Paul Graham picked up an assist on the play which took place at the 7:11 mark of the period.

A Huskie power play right after the Lakefield goal fizzled when the club was unable to get even one shot at the visiting teams net.

Oram, the top scorer so far this season for Haliburton, netted his goal at the 10:30 mark of the period when he beat the Lakefield

goalie, Bill Corner after a good passing play from Dave Levely and Mike Scheffee.

The first period was marred by a fight immediately after the buzzer when Oram took on Paul Graham. Both ended up with minor and major penalties.

The Huskies opened up fast in the second period and took the lead at 4:59 when Mark MacDuff tipped a pass from Dave Hartwick into the Lakefield net.

Larry Stinson took a clear decision in a fight with Lakefield's Steve King at the 9:43 mark of the second period but it was the last thing the Huskies were going to win all night.

Lakefield's Frank Young came out of the penalty box, and left uncovered picked up a rebound and tucked the puck past Randy Ellison to even the count.

Freeburn and Graham picked up assists on the play which took place at 16:33 of the period.

LUTTERWORTH TOWNSHIP

Norland Notebook

by Barbara Maunder

Sorry about last week's column but through no fault of mine, it wasn't printed. Hope it was missed by some of you.

A lucky Norland man 2 weeks ago during a snow storm was Fred Patullo of Cross Roads Antiques. Fred was driving his furniture van west on Highway 503 when his truck skidded off the road turning on its roof and then over on its side. He was fortunate in escaping unhurt because he had a franklin stove and two bricks in the back.

The pupils of Norland Public School would like to thank all who contributed on Hallowe'en toward their U.N.I.C.E.F. collection when \$89.25 was raised.

The two electric heating units recently purchased for the Fire Hall are now installed in time to prevent the water from freezing in the tanks of the two trucks.

I reported 2 weeks ago that Butch's Bait and Gulf Station would close for the winter on Nov. 14. Due to many local requests, arrangements have been made to have Mr. Cecil Cove operate the garage from 7:30 a.m. to 6:00 p.m. each day except Wednesday.

Eight members of Victoria County Library Board met with Norland Library Board on Nov. 12 for their annual visit and inspection of the library.

Norland Fire Department were called to a fire at home of Mr. and Mrs. V. Bryons last Tuesday morning. Their home situated on Gull River, North of Norlander Motel, was completely gutted and the unfortunate family lost all of their possessions. They are presently staying with relations in Jackson's Point.

The repairs to the dam, just east of Norland on Highway 503 have been completed and the equipment that was required for this work is being gradually removed from the site.

Because of the Post Office in Norland has been upgraded a grade, the new assistant on duty Saturday mornings to help our Postmistress, Rotha Bryant will be Mrs. Betty Davey.

Read any good books lately? One of two that is recommended and available at Norland Library is "All the Presidents Men" by Carl Bernstein. This is the story of how two Washington reporters uncovered the Watergate scandal which later led to the resignation of former U.S. President, Richard Nixon. The other book which might be of interest is "The Other Side of the Mountain" the story of Jill Kinmount, an accomplished skier who has a crippling accident and how she overcomes her handicap.

We should be aware that this is a municipal election year and everyone who is eligible should vote on Mon. Dec. 6 or at the Advance Poll which will be held for the whole municipality on Sat. Nov. 27 from 11:00 a.m. to 8:00 p.m. in the Norland Community Hall.

There will be a "Meet the Candidates" meeting in Norland Community Hall on Friday, November 26 at 8:00 p.m. Jack Ridgway has been acclaimed as Reeve, Mike Easton and Ted Cameron are contesting the position of Deputy-reeve and Elwood Baldwin, Dave Graham, John Maunder, Bill Moss, Fred Kay, Mrs. Eileen Reynolds and Eric Voutier for the 3 seats on council. These are your tax dollars that will be spent so come to this important meeting before voting and hear the candidates speak. Poor attendance will indicate a lack of interest of the part of the taxpayer.

HELPFUL HINT

Pipe cleaners may be used to hold stitches when knitting.

Our Mistake

The Minden Recorder apologizes for any inconvenience caused by a mistake in an advertisement in the Minden

Juveniles' Hockey section last week. The ad should have read Gull River Building Supplies, not Gull River Buildall.

Homemaker brief submitted to Ministry of Social Service

A brief outlining the need and appeal for funds to begin a Homemaker service for the County has been submitted to the Ministry of Social Services on behalf of the combined forces of the Minden, Haliburton and Wilberforce Red Cross Associations.

The Minden Red Cross has been examining the possibility of establishing a Homemaker service, but was waiting for approval of the project from the Wilberforce and Haliburton branches. All three have jointly submitted a request for a grant from the Ministry of Social Services to help establish

Homemaking in this area.

Homemakers are paid workers, not nurses, who provide in the home help for the elderly and semi-invalid who need some assistance to live at home.

Grants are available from the Ministry of Social Services, according to Betty Spry, the regional vice president of the Red Cross, for proposals that deal with alternatives to traditional institutional care. The Homemaker service, administered by the Red Cross, would hope to maintain seniors in their homes, Mrs. Spry said, rather than removing their independence by forcing

them to enter an institution for minimal needs.

The Homemaker service would be self supporting, as the workers are paid, either by the private individuals they service or by government agencies who have the care of the patients. The grant that has been applied is intended to offset the costs of setting up the administration of the program.

There are Homemakers in the area at present who work under the direction of Homecare part of the Haliburton and Kawartha Pine Ridge Health Unit in Lindsay. Homecare provides home nursing care, and also hires Homemakers to provide additional assistance, to about 35 per cent of the Homecare patients.

Marlene Edwards, director of Homecare for the Health Unit, explained that while Homecare is funded 100 per cent by the Ministry of Health, the Homemaker service, in most areas administered by the Red Cross is operated as a non-profit organization that collects from customers a daily fee that covers the wages of the worker and administrative costs.

Mrs. Edwards sent a letter last spring to the Ontario Division Office of the Red Cross in Toronto, asking that the Red Cross in Haliburton be encouraged to

implement a Homemaker service. The Homemaker in the County now receive training from the Homecare workers who direct them. Mrs. Edwards said that the Homemaker service should be available to all not just to those who are under Homecare. She also feels that Homemakers working in Haliburton should receive supervision from someone in the county. The program is need in the area, Mrs. Edwards feels, because of the older population. It would provide employment for women in the area who could be trained as Homemakers, and would be a very worthwhile operation for the Red Cross Associations.

The Red Cross Associations of Minden, Wilberforce and Haliburton agree. The brief that they have submitted gives the details of the amount of institutional care that is available in the area, and states that further to this, there is an estimated 25 per cent of the population who would benefit from private Homemaker that is not available at this time.

Record Shutouts

from page 7

Goals at 7:14, 8:50 and 10:24 of the second period put Minden ahead by 5-0. Kevin Warburton put in the first of the second period goals, and assisted Scott Hamilton on the second that Minden got away.

Jeff Stamp put in a good goal in the second, and followed up with two more unassisted in period three near the end of the game at 9:16 and 12:04. Stamp's hat trick left the Atoms ahead by 7-0.

Minden players John Dillon and Scott Yake took a two minute penalty each in the second period, at the 3:15 and 12:20 minute marks.

Goalie Kevin Forbes deserves special mention for his shutout.

With no losses on record, the Yake's Electric/Red and White Atoms seem to be the team to watch this season.

Huskies

lose from page 8

The two teams remained deadlocked until the 10:33 mark of the third period when Leland Jacobs tucked the puck past Maughan who had just replaced Ellison. The goal came from a scramble in front of the net after Maughan had made a couple of saves but the Huskies defense was unable to clear the puck.

Doug Shannon and Young picked up assists on the play.

Two minutes later another scramble in front of the Huskies' net resulted in a 4-2 lead for the visitors. Gerry O'Grady lifted the puck over a sprawled Maughan to get credit for the marker. Freeburn was given an assist on the play.

Freeburn put the Huskies out of their misery with only 39 seconds to play in the game when he connected on a good passing play from Graham and Greg Tivy.

Referees Wayne Scott and Blaine Smith handed out a total of 27 penalties in the game with 14 going to Haliburton.

Correction

In our issue of November 17 a court report stated that a Mervin E. Preston had failed to appear in court on November 9 to answer charges of obstructing a police officer and assault with intent to resist arrest. A correction to that article is necessary. Mr. M.E. Preston did appear in court and there was no warrant for his arrest issued. As the article stated, the matter has been adjourned to December 1 for trial.

MP Bill Scott Comments

The stunning victory of Rene Levesque's Parti Quebecois in the recent Quebec provincial election has understandably shocked most Canadians, but it must be said that the Liberal government of Quebec got just what is deserved.

Premier Bourassa and his cabinet failed to provide leadership in the province, and in fact failed on every count; economically, politically and socially. The government had lost touch completely with the people they were elected to serve.

Election after election, Bourassa campaigned on a platform of fear, telling his people that if they did not vote Liberal Quebec would fall into the hands of the separatists. Finally, last week, it blew up in their faces, and the Liberals were swept out of office.

Prime Minister Trudeau is as much to blame as the Quebec Liberals for the victory of the separatists. Trudeau has also used fear tactics to get voters to back his government, and I have no doubt that he too has come to the end of his ill-starred political career.

All too often we have been told to vote Liberal, or Canada would come apart at the seams. We were warned that Quebec would separate unless we in English Canada accepted bilingualism without question, and more recently we have been bombarded with threats that Quebec would separate unless the provinces allowed Trudeau to bring the BNA Act to Canada, on Quebec's terms.

We in English Canada have made countless concessions to Quebec through the years, but there is a limit as to how much any one province can demand under threat of breaking up our country. I think that we have been as reasonable as anyone could expect us to be, and the results

of this was the victory last week of the separatist Parti Quebecois.

And make no mistake, the Parti Quebecois is committed to separating Quebec from Canada. They are committed to the break-up of Canada, and that has been the foundation stone of the party since it was founded in 1969. The separatists have been aided through the past nine years by the Liberal tactics of playing the French against the English, and English against French, in order to hold onto power.

For a time Trudeau and Bourassa were able to blame all their troubles on English Canada, on bilingualism and on the Constitution. Now, however, the real issues have been brought into sharp focus by last week's election surprise.

Rene Levesque has already stated that he is going to "put the squeeze" on Ottawa, to see how much power he can get the federal government to shift to the Quebec provincial government, and how much more money he can get out of Ottawa. In other words, we are threatened with a tug-of-war between the Quebec and federal governments, to see who can influence the referendum Levesque says that he is going to hold.

We are not told that the referendum might be called in two years, or it might be as long as four years from now. In either case, it would be too long for Canada and Canadians to be held up to political ransom. The time to settle the issue is now.

It is time now for leadership, at the federal level, for a change. It is time for the federal government to serve notice on Quebec, and on all other provinces, that Canada cannot be broken apart by any dissident group, by any provincial leader, or by any province. I believe that Canadians from one end of our country to the other are as fed up as I am with these constant threats to our future and security as a sovereign nation.

There is no provision in our Constitution for allowing anyone to break up our country, and it is time for those of us who want to preserve Canada to speak as loudly, as firmly and as convincingly as those who would see Canada split asunder. We after all, are in the majority.

Scott concerned with vandalism

Bill Scott, MP Victoria Haliburton is concerned with the increase in vandalism and the penalties imposed on offenders by the courts.

In questioning the Minister of Justice, Mr. Scott asked what action had been taken by the government in response to the countless recommendations made by Ontario municipalities who expressed concern over the matter.

"Regrettably," Mr. Scott said, "the minister side-stepped the issue and attempted to discuss gun controls, which are another matter completely."

Mr. Scott noted that in recent months he has received letters from many municipalities across the riding who wrote in support of a resolution passed by the Town of Trenton regarding this situation.

The resolution from Trenton expressed concern to both the federal and provincial governments about the increase in crime and its dissatisfaction with the punishment being handed down by the Courts to offenders.

The resolution has been circulated to all municipalities in Ontario for their endorsement.

**They say the answer to

Walk a block. Today.

Coboconk News

Belated 44th wedding anniversary greetings to Dorothy and Theodore Cragg who celebrated their anniversary on Friday, November 19.

Mrs. & Mrs. Lyness Spry were recent visitors of their son, Mr. & Mrs. John Spry at London, Ont.

Mr. & Mrs. Jack Mackie of Sarnia were recent visitors of his sister, Mr. & Mrs. Lorne Sleeman and family.

Congratulations to newlyweds, Wendy and Doug Handley. Wendy and Doug were married by a former United Church Minister of Coboconk, Rev. Joblin in their brand new home on Baseline Road. Wendy is the daughter of Jean & Cliff Suggitt of Baddow. The young folks worked very hard to build their new home this summer, and they can be justly proud of it. Following the ceremony, the bride groom attendants and guests enjoyed a delicious meal in the basement of the new home.

Mrs. Margaret Richardson is enjoying a vacation away from her heavy responsibilities at the Bank of Commerce.

Mrs. Elda McGregor visited in Oshawa last Thursday with her aunt Miss Sybil Langmaid and Miss Florence Langmaid. It was the occasion of her Aunt Sybil's 76th birthday.

With Christmas fast approaching everyone is caught up with the Christmas spirit. Here is a good recipe for candy!

COCONUT CANDY
1/4 cup crushed pineapple (packed in its own juice) drained.
3/4 cup non-fat dry milk
1/4 tspn. coconut extract
1/4 tspn. butter flavouring
2 or 3 pkgs. Sweet 'N' Low.

Combine pineapple, extracts and Sweet and Low with a mixer on low speed. Gradually add non-fat dry milk until consistency of frosting. Add more dry milk if necessary. Drop by spoonfuls on cookie sheet and freeze for 1/2 hour. You may use almond, vanilla or and favourite extract. Sinfully delicious!!!

Sorry to report Mr. Edwin Grozelle had a bad fall on Sunday and was taken to hospital with a possible broken hip or leg. Hope that is not true, but he did suffer a bad fall.

Mr. Bill Bradamore is still in Ross Memorial Hospital. Lets send a cheery card to the sick!

Several from the community attended the Royal Winter fair and report a good time. Once again it is all over for another year.

On Saturday, I had a short visit with my sister, Mrs. Ada Fisher of Lindsay. She discussed a subject that brought back many fond memories of our own childhood on the farm at Holt, near Mount Albert. Apparently Dr. Coulterjohn had called in at their farm at RR

6 Lindsay, North east of the Downeyville Drive-in theatre. Coulterjohn has asked permission to cross their farm Sunday morning. Dr. Coulterjohn is a member of the Bithany Hunt Club. This is what prompts this little item. The Hunt Club members were a looked forward to event when we were kids. I believe it would be the North York Hunt Club, led by Lady Eaton. Once a year, at Thanksgiving, I believe, the members mounted on their beautiful horses, dressed in black caps, red jackets, white trousers and high black boots were a sight to behold as they bounded through our farm and neighbours property led by a troupe of barking brown and white hounds, I believe Beagle hounds. The hounds were on the trail of an elusive fox and so excited! We lived in East Gwillimbury Township North east of Newmarket and perhaps there are readers who have seen this colorful event! I'm happy to know there is such an event in the Lindsay area. How I'd enjoy seeing it!

Case is taken to higher court

Karl D. Gardner of Willowdale, charged with bodily harm with intent to cause injury with regard to an incident in Lutterworth on July 22, appeared before the Provincial court in Minden on November 16.

The case has been committed for trial at a higher court, by judge and jury. No date for the trial has yet been set. No evidence on the

matter was read at court on November 16, pending on the trial.

Set date

Charged on September 20 with careless driving Francis E. Walton of Burlington was at court in Minden on November 16 to set a date for trial.

The matter has been put over to February 8, 1977.

Minister

Dr. J. K. Reynolds
Deputy Minister

Report from Queen's Park By MPP John Eakins

On November 18 the Minister of Transportation and Communications announced new regulations regarding classifications of drivers' licences which will become effective February 1, 1977. All drivers will be categorized for licensing purposes, depending on the characteristics of the vehicle driven. The categories are as follows: tractor-trailers or truck trailer combinations; school buses, full-sized buses, trucks or combinations weighing 10,000 pounds or less, small school buses capable of carrying up to 21 passengers; small buses or ambulances; automobiles; small trucks or combinations; and motorcycles. Drivers of cars, light trucks and motor cycles need take no action to obtain new licences. When present licences expire, the new type will be issued automatically. Presently licensed school bus drivers will be required to take a defensive driving course, if they have not already done so. Drivers of heavy commercial vehicles are expected to provide satisfactory medical reports every three years to age 65 and annually thereafter, and drivers will be notified in advance of the specific date at which the next medical examination is due. The Minister also mentioned that medical reports may be required at any time from any driver for driver control purposes. This new regulations provide for a one year basis of their driving experience. All trucks and bus drivers and companies are urged to take action without delay to obtain replacement licences.

Ottawa East Liberal M.P.P. Albert Roy called upon the Government to lay criminal charges against the O.P.P. for bugging a privileged conversation between an accused killer and his lawyer last Easter without legal authority. He said there are transcripts of the tapped conversation in the Lanark County Jail

superintendent's office between Donald Turner, subsequently found guilty of non-capital murder, and his defence lawyer Mike Quigley, although none of the information received was used in the Turner trial. During a heated exchange on this subject, Mr. Roy called upon the Solicitor General to produce the authorization specifying that a communication between Turner and his solicitor could be intercepted, and asked how the Minister could, as the senior law officer of the Crown, avoid taking a position on this matter. The Solicitor General stated he was prohibited by the Criminal Code from tabling the authorization in question. When Mr. Roy challenged this statement, the Minister accused the Member of being irresponsible. The Speaker subsequently refused to allow Mr. Roy to read the full relevant section of the Criminal Code, because the time for oral question period had expired, and the matter threatened to develop into a debate. Mr. Roy said the courts had already ruled that the order in question was a public document, and that the Minister was misleading the House. The Speaker asked Mr. Roy to withdraw this remark, and when he refused to do so, the Sergeant at Arms escorted him from the House.

As a result of Mr. Roy's initiative, the Attorney General has assured everyone that a directive will go out to the proper authorities ensuring that authorizations will not include the bugging of a privileged conversation between a lawyer and his client. I find it most unfortunate that Albert Roy had to be placed in this position in order to receive this assurance.

According to NDP Leader Stephen Lewis, Ontario's bill on occupational health and safety is "after the effect legislation". He told the Legislature his party will support the bill in principle, but plans to introduce amendments. Among the changes which will be proposed is that there be mandatory testing of chemicals introduced in the work place, apparently.

Ed Good, Liberal Member for Waterloo showed the Ontario Legislature a new low voltage, high intensity light made by Wand-X of Waterloo. The Minister of Energy later conceded that such lights may cost a little more as a rule, but the energy saving more than covered the higher cost. According to Mr. Good, the Wand-X light, using 35 watts, produces the same light intensity as a 150 watt incandescent bulb.

Charge dismissed

Gary W. Venner of Toronto and Neil E. Briggs of Richmond Hill were in court on November 16 in Minden, both charged in connection with a car accident at highway 35 and the Sandy Bay Road that occurred August 7.

Both drivers were north-bound on highway 35. Mr. Briggs was making a left hand turn onto the Sandy Bay Road when Mr. Venner, who was passing a line of cars headed by Briggs, struck Mr. Briggs' car. Considerable damage was caused.

A charge of making an unsafe turn laid against Mr.

Briggs was dismissed after trial.

Mr. Venner, charged with careless driving, will be tried on May 10. His lawyer was unable to be present in court on Tuesday and request for adjournment was granted.

From the Chamber

by Bob Stinson

The Chamber in addition to having many more programmes underway than were in effect a year ago have also the added responsibility of serving a membership of almost double the size. Our staff and our directors are going to need help to accomplish all they are planning for the coming year. You may not have the time nor the interest to be involved in the overall chamber programme, but hopefully many of you may be interested in helping out in some specific area. It may be that you can help with a bit of your time, or your knowledge, or both. Below are listed the Chairmen of each of the chamber's committees along with their phone numbers. Please consider phoning any one of them that is involved in something you are interested in, and let them know of your interest. On the other hand you may feel we should have a committee involved in something that is not listed -- in which case you are invited to call the office and discuss it with us.

Finance Committee - John Hogg - 489-2211
Toursim Committee - John Teljeur - 457-2281
Public Affairs - Norm Healey - 457-2007
Membership Committee - Barbara Bolin - 457-1680
Business & Ind. Committee - Mike Vuksic - 286-1806
Advertising Committee - Don Nye - 286-2794
Special Projects - Ron Barr - 447-2039
Public Relations Committee - Peter Priestman - 448-2321
Property Committee - Bob Mann - 489-2036
Downtown Renewal - Marshall Leighton - 457-2161
Canada Manpower Outreach Project Chamber Office - 286-1760.

These committees do not meet on a regular basis, only as required, to perform their duties. They are chaired by busy people, and we know you are too busy. If you give them a hand you will make their job easier and we're sure you will feel better for having helped.

Dick Wilson and Bob Smith hosted a reception at PineStone Inn last week to enable us all to become acquainted with them. As the new

owners of Haliburton Hockey Haven they are responsible for considerable input into our economy and we were certainly pleased to meet them and hear some of their plans. These aggressive young men are determined to get the camp operating at capacity and have also agreed to use as many local people in their operation as possible. We certainly welcome them into our business community and wish them much success.

In the spring of 1974, five High School Students, Joy Johnson, Bonnie Dunford, Barb Dunford, Connie Bowers and Ann Crawford compiled a collection of folklore and memoirs from our county with assistance of an Opportunities for Youth Grant. With the aid of a second O.F.Y. Grant their work has now been published in book form, entitled "Remembering When". We congratulate these students on their excellent effort and recommend the book to anyone who has an interest in our heritage. It is available at the Libraries, and we understand it is free to our senior citizens.

We have a new twist on our Elimination Draw Dance on December 11th. A bus will be made available at \$2.00 each to provide transportation from Minden and Haliburton to Wilberforce and return. Enjoy yourself and leave the driving to Travelways -- If the \$1,000.00 winner is on that bus it will certainly be a lively trip home.

NEWS FLASH -- The "Haliburton is For Lovers" charm is now in stock at Varty's in Haliburton and Robinson's in Dorset.

COMING EVENTS

Saturday November 27 - Christmas Bazaar & Bake Sale in the Minden Recorder Office at 1 o'clock. Proceeds to Minden Figure Skating Club.

Four youths charged as result of theft of truck

The Minden detachment of the Ontario Provincial Police has charged four youths with theft over \$200 and break and enter in connection with a stolen truck and a break in at a cottage early Sunday morning.

Police report that the truck, a 1975 model was found in a ditch near Miners

Bay with \$300 damage.

A cottage owned by William Wunker, in Miners Bay was also broken into.

Two of the juveniles have been apprehended while the other two are being sought in the Toronto area. The juveniles range in age from 12 to 15 years. They resided at a boys counselling centre in the Minden area.

OPP investigate 15 vehicle collisions

The Minden detachment of the Ontario Provincial Police investigated 15 motor vehicle collisions during a one week period from Nov.

15 to 21.

During that time the staff also investigated 47 general occurrences, three break-ins

and delivered two compassionate messages.

A single two vehicle crash Saturday afternoon resulted

in \$800 damage to a car driven by John Houston, 52, of Scarborough and \$1,000 damage to a van driven by William Kuhlman, 48, of Hamilton.

The OPP report that the accident took place on Shangri-la Road.

A single car crash early Saturday morning resulted in \$1,500 damage to a vehicle driven by David Levely, 17, of Wilberforce. The accident took place on Highway 648.

There was \$600 damage to a car driven by Melvin Madill, 39 when the car slid into a tree. Madill has been charged with driving an unsafe vehicle. The accident took place Friday afternoon.

Larry Robinson, 20, of Haliburton, was charged with careless driving as the result of a single car accident involving a vehicle he was driving.

The car entered the west ditch of Harburn Road and rolled down an embankment. There was \$1,700 damage to the vehicle. The accident took place early Thursday morning.

A single car accident Wednesday resulted in \$2,500 damage to a vehicle driven by Marion Kinsmen, 41, of RR 2 Minden.

The accident took place on Highway 35, north of Davis Lake Road.

Dear Abby

By Abigail Van Buren
© 1976 by Chicago Tribune-N. Y. News Synd. Inc.

DEAR ABBY: For those who are shocked that a non-virgin bride wants to wear white at her wedding: What would they suggest? Tattletale gray?
AMUSED IN MURRAY, KY.

DEAR AMUSED: Why not? And she could carry daisies. They don't tell.

DEAR ABBY: I know I'm not perfect when it comes to grammar and pronunciation, but I have this friend who is an absolute disgrace in that department.

She still says "Woolsworth" and I must have corrected her a hundred times. Another mistake she has made for years is saying "Eximo Pie" instead of "Eskimo Pie."

Abby, in a way you are a teacher, so I'm calling on you to take over my job.

Why do people insist on saying they had their dog "spaded," and a man has "prostrate" trouble, after being corrected a dozen or more times?

SICK OF TEACHING

DEAR SICK: Some people don't want to learn, and others are simply ineducable. Don't sweat it.

CONFIDENTIAL TO PERSEVERING IN LOUISVILLE: Perseverance isn't always the answer. I was recently informed that a young lover in Taiwan wrote over 700 letters in two years to his lady love. The romance ended when she fell in love with the postman!

Everyone has a problem. What's yours? For a personal reply, write to ABBY: Box No. 69700, L.A., Calif. 90069. Enclose stamped, self-addressed envelope, please.

The Recorder Family

23 attend Women's Institute Nov. meeting

The November meeting of the Women's Institute, held November 17 at the home of Mrs. Wallace Walker, drew twenty three members and three guests to a time for sharing information and planning upcoming functions.

After the usual opening for the meeting, Mrs. Lyman Cox welcomed the guests. A Roll Call of treasured wedding gifts followed, and brought many memories back to life.

Mrs. Allan Taylor gave her report of 32 cards sent since the last meeting and a collection for this fund and Pennies for Friendship were gathered.

Pictures for the Tweesmuir History Book were presented to the meeting and passed around. Area Tea Towels with a special 75th Anniversary design were offered for sale.

Mrs. Gordon MacMinn,

delegate to the Area Convention held in Toronto, gave a report of her two day visit that interested every-

Minden man

Receives Promotion

National Defence Headquarters announces the promotion of W. Neil Russell of Minden from Lieutenant Colonel to Colonel effective 15 November 1976. On the same date he assumes the appointment of Deputy Commander Air Transport Group.

Air Transport Group, a subsidiary of Air Command, is responsible for 11 squadrons and five detachments located from Comox B.C. to Ismailia, Egypt. Its function is to provide airlift for the Armed Forces and Canadian Government requirements as well as air search and rescue services from coast to coast. The Group's Headquarters is located at CFB Trenton, Ontario.

Colonel Russell was born in Minden, Ontario in 1935 and received his early schooling in Haliburton County, Lindsay and Toronto. He is a graduate of the Royal Military College, Kingston, and the University of British Columbia. At the latter he gained a BA Sc in Mechanical Engineering (aerodynamics option.)

Coincident with his RMC and university education, Colonel Russell took pilot training at various air bases in Western Canada gaining his Wings at Portage la Prairie in 1958. His first active flying tour was on F86 fighters at Zweibrücken, Germany. This was followed by flying on T33 jet trainers and later instructing on C45 Expeditors (back at Portage la Prairie.) Between flying tours, Colonel Russell held

one. She also made a refund on the expenses that had been provided to her.

staff positions in Intelligence and Plans and attended Canadian Forces Staff School and the one-year Staff College course, both at Toronto.

Since 1969 Colonel Russell has been a specialist in air transport operations. As a Major he served on 436 (C130 Hercules) Squadron which was based at Ottawa and then Trenton. On promotion to Lieutenant Colonel in 1973 he was posted to Air Transport Command Headquarters, this time as Senior Staff Officer Standards and Evaluation. He has flown approximately 7000 hours, over half of which were gained as a C130 pilot on world-wide operations.

Colonel Russell is the son of M.S. Russell of Carnarvon.

The history of needlecraft and sewing, from its introduction various countries up to the present, was the subject of a paper read by Thelma Ewing, Convenor.

The Minden branch of the Women's Institute complete Women's Institute Complete Women's Institute completed plans to serve tea at the Hyland Crest Home on the afternoon of November 18. Some women sent lunch and other helped with the serving, making it a successful day for all concerned. One carload of ladies had also attended at the Victoria East Women's Institute in Bobcaygeon and reported a very enjoyable afternoon there.

Women of the Institute in Minden will meet at the Christmas Party at the United Church Hall, December 15 at 7:30 p.m.

At the party there will be an exchange of gifts (\$1.00) and also Secret Pal gifts. It will be a social evening and any newcomers to the area are invited to come and enjoy the evening along with the rest.

EQUAL SHARING OF RESPONSIBILITY!

EQUAL ENJOYMENT OF BENEFITS!

In seeking your Trust and Support for the OFFICE OF REEVE in Bexley Township, I promise an Administration based on the firm belief that all individuals or groups who support our community on the basis of equal Taxation are equally entitled to all the Benefits BEXLEY TOWNSHIP offers.

I am proud of the Community in which I was born and raised. I can well understand why others are attracted to it and are willing to contribute to its Growth and Prosperity.

I have served as a Councillor and Deputy Reeve in BEXLEY TOWNSHIP and am a Member of the Cemetery Board.

Re-Elected President of the Royal Canadian Legion, Coboconk Branch 519. I participated in the Development of the new building for the Coboconk Branch and have seen it grow from a Membership of about 60 to its' present enrollment of 226.

Past President of the Lions Club, Coboconk.

Veteran of World War II, with six years Service Overseas.

Resided in Burlington, Ontario after World War II where I was appointed Fire Inspector for the Town, a Post I held until returning home to Coboconk, where I owned and operated the Coboconk Esso Service Station.

Having sold that successful business only recently, am now prepared to devote full time to the Office for which I am earnestly seeking your Support.

At age 57, I am in excellent health, having raised a responsible family of three sons and two daughters, I am fully aware of the problems of Youth in today's society and can relate to the stresses of my own Generation.

Since I want exactly what you want for Bexley Township, I ask for your support at the Polls, December 6, so that we can work together to achieve sensible and sound Administration in a thriving Community.

the operation of **MISS**
PHYLISS BRYANT Tele-
phone 754-2651.

You know when some-
one tells you to take a
walk?
Maybe they've got the
right idea.

Thank-You

I would like to take this opportunity to express my sincere thanks to relatives and friends who kindly remembered me with cards, flowers and gifts while I was a patient in Peterborough Civic Hospital, and after I came home. Your thoughtfulness was much appreciated. A special "Thank you" to Ruth Sawyer for her various good deeds.

Marg Harrison

I would like to take this opportunity to thank all my friends and relatives for their cards, visits and inquiries while I was in the hospital.

Special thanks to Dr. Lodenquai, Dr. Service, the Nursing Staff at Ross Memorial Hospital and the Minden Ambulance Drivers for their kindness shown towards me.

Thomas Hoyle

Sincere thanks to Doctors Brady, Service, Watson and the nurses of the second floor at Ross Memorial for their kindness and care.

Elizabeth Perrault

Margaret Finney and family wish to thank their many friends for the lovely cards, letters of sympathy and kindness during our recent bereavement in the death of our beloved husband and father, Norman.

Minden Cemetery.

New safety council concept for driving

The Canada Safety Coun-
cil is introducing a new
driving concept at the same
time as it launches "Safe
Driving Week" (December
1-7) for the 20th time.

Called the "Time Interval
Formula", this idea will help
drivers adjust some of their
habits to metric driving, and
help keep them safe at the
same time.

One of the major causes of
traffic accidents, injuries
and deaths, according to the
Council, is following too
closely. Unexpected turns or
emergency stops by the

vehicle immediately in front
can lead to a crash if
insufficient space is main-
tained.

Traffic safety authorities
used to suggest one car
length, or about 20 feet, for
each 10 MPH of speed, and
many drivers still try to use
that old adage. However,
researchers learned that a
great many people have
difficulty in judging distance
- particularly while in mo-
tion. The onset of metric
measurements may confuse
drivers even more - so, the
Safety Council has a new

idea to promote:

Never follow at less than a
two second interval. That is,
as the vehicle in front
passes a stationary object,
start counting 'one thousand
and one, one thousand and
two' etc. in normal cadence.
If 'two' is reached before the
object is passed, the follow-
ing distance is normally
adequate. If the object is
passed, the following dis-
tance is normally adequate. If
the object is passed first, the
vehicle is too close.

More facts about advertising in Haliburton County

Effective advertising means reaching as many people with your message as you possibly can with the dollars you've got to invest. As advertisers you're concerned with the number of people who read what you've got to say. Remember, when you're buying advertising you are not just buying a certain amount of space ... more importantly, you're buying the readership that the newspaper delivers.

More people read The Echo than any other newspaper in Haliburton County and a close second is The Minden Recorder with just about double of any other area newspaper according to the latest issue of Canadian Advertising Rates and Data.

Statistics for our area from an Ontario Weekly Newspaper Association survey show that an average of 3 people with buying power read every Echo and Recorder distributed. That's a potential market of almost 25,000 people. If you would like to reach that kind of a market, give us a call at

457-1037 or 286-2205

IN MEMORIAM

GRAHAM In loving mem-
ory of my dear husband,
Y.C. Graham, who passed
away Nov. 26, 1975.

May the wind of love blow
softly on a quiet peaceful
spot.
Where the one I loved lies
sleeping and will never be
forgot.
No length of time can dim
the past too many memories
hold it fast
Today, tomorrow, my whole
life through
I shall always love and
remember you.

Sadly missed and ever
remembered by your wife
Nora and family.
